Vessel Arrival/Departure Update Report

Changes to NOAs must be reported as soon as practicable but no less than 24 hours (12 hours for barges) prior to entering port. Changes to NODs must be reported prior to a vessel's departure. When reporting changes, submitters only need report the information that is being added, deleted or altered. A complete resubmission of all information is not necessary. Submitters only need to report changes in a vessel's arrival or departure time if the previously-reported date changes, or if a previously-reported time changes by six hours or more. For more detailed information, see 33 CFR 160.
